FOR IMMEDIATE RELEASE

CARESPACE Health+Wellness ranks No. 83 on The Globe and Mail's 2026 list of Canada's Top Growing Companies

Ranked No. 10 in Health care & Wellness with 342% three-year revenue growth

WATERLOO, ONTARIO, September 30, 2026 — CARESPACE Health+Wellness has ranked No. 83 on the 2026 Report on Business magazine ranking of Canada's Top Growing Companies, earning a place on the national list for the second consecutive year.

The Globe and Mail's annual ranking measures Canadian companies by their revenue growth over three years. CARESPACE earned its position with three-year revenue growth of 342%. CARESPACE also ranked No. 10 in the Health care & Wellness category.

With clinics across Kitchener, Waterloo and Cambridge, CARESPACE brings manual therapy, mental health services and lifestyle optimization together through client-focused coordinated care. Practitioners collaborate with clients and colleagues across disciplines to develop personalized plans built around each client's health needs and goals.

"We built CARESPACE around a simple idea: care should be coordinated around the client's goals," said Gerry Barg, Founder and President of CARESPACE Health+Wellness. "This recognition belongs to our practitioners and support teams, whose work makes that approach possible, and to the clients who continue to put their trust in us."

A coordinated plan may include manual therapy, exercise, nutrition counselling and mental health support, with each practitioner contributing within their own scope of practice. Clients participate in developing their plans, which address immediate concerns while supporting long-term health goals.

Now in its eighth year, Canada's Top Growing Companies began in 2019. Companies apply voluntarily and must complete a detailed application and meet revenue eligibility criteria. This year, 376 companies qualified for the ranking.

"Our annual ranking of Canada's Top Growing Companies celebrates the innovation, ambition and resilience of businesses across the country," said Dawn Calleja, editor of Report on Business magazine.

The complete 2026 ranking and accompanying coverage appear in the October issue of Report on Business magazine and [online at The Globe and Mail](#).
